HYmini  TM
GREEN POWER IS IN YOUR HAND

A revolutionary way of capturing renewable power for your iPod®, iPhone®, mobile phones, PDA, MP3 Player and other handheld gadgets.

HYmini

HYmini is a handheld, green universal charger/adaptor. Collect power with the built-in wind powered generator, the solar panel, the minihandcrank, or charge from the grid or USB. HYmini's internal battery can hold up to 1200mAh of power, enough to charge practically all 5 volt devices, like your cell phone, iPhone®/ iPod®, Blackberry® etc.

Universal
Compatibility

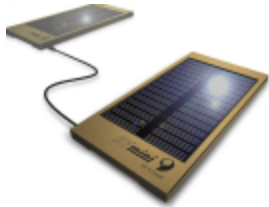

High Energy
Storage

Ideal For
Traveling

miniSOLAR Panel

The miniSOLAR allows you to directly store the sun's energy in HYmini's battery. Up to four miniSOLAR panels can be linked to increase HYmini's power collecting capabilities. HYmini comes standard with one miniSOLAR panel. Additional units can be bought separately.

HYmini Accessories

Recycled Material Casing

miniHANDCRANK

No sun and no wind?

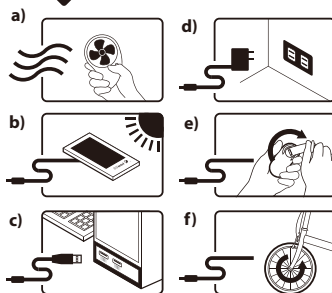

No problem with the miniHANDCRANK. Connect the miniHANDCRANK to HYmini and start charging for immediate 5V output.

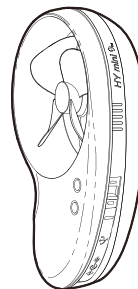

HYmini Accessories

The ONE and ONLY **WIND+ SOLAR CHARGER** FOR YOUR **MOBILE DEVICES**

1. Capture

2. Store

3. Charge

Multiple power inputs

a) Built-in supplemental wind powered generator b) HYmini portable miniSOLAR panels c) PC / laptop USB 2.0 outlet d) Conventional 100~240V AC adaptor e) miniHANDCRANK generator f) Bicycle dynamo hub generator

* Additional connectors are available.

* For latest compatibility information, visit www.hymini.com

Bike Holder Kit

Charge in motion with the bike holder kit. The holder can be conveniently mounted on the handlebar of your bicycle or motorbike. Secure HYmini with the simple one-click mechanism and be on your way.

Sports Accessories

Armband Kit

Like the bike holder, the armband kit enables you to easily and safely secure your HYmini when on the move. Use the armband kit when on your bike, or while jogging, skating or snowboarding.

- HYmini
Portable power bank
+ wind powered generator
+ universal adaptor
- miniSOLAR Panel
- AC/DC power adaptor
- USB transfer cable
& 6 connectors*
Nokia / Motorola
Sony Ericsson
Samsung / LG

Features

1. All you need to carry is one charger for most of your 5V handheld wireless devices. There is no need to carry extra power sources. A 1200 mAh lithium ion polymer rechargeable battery is built into the unit. 2. A USB transfer cable and mobile phone connectors are included. MP3 player, iPod®, iPhone®, PDA, BlackBerry®, and other 5V handheld devices can be charged with aftermarket USB cables. 3. No additional software is required. 4. HYmini is a lightweight, handheld, and compact green portable power bank. 5. HYmini can be securely fastened onto your arms, bicycle handle bar and motor bike, so that you can charge HYmini in motion.

Multiple power inputs

a) Built-in supplemental wind powered generator b) HYmini portable miniSOLAR panels c) PC / laptop USB 2.0 outlet d) Conventional 100~240V AC adaptor e) miniHANDCRANK generator f) Bicycle dynamo hub generator. (e, f not included in the package)

* Additional connectors are available.
